

'Smart' Decision to Become Premier Partner.

Award winning Smart Group Recruitment Solutions set themselves apart by their innovative, forward thinking approach to business and their recent decision to join Dorset Business as a 'Premier Partner' is a clear demonstration of their typically insightful approach to enterprise.

Helen Stacey, Director Smart Recruitment comments, "We are delighted to be one of just ten local businesses to accept the offer of this top tier membership as the benefits to our company are significant. We have been members of the chamber for many years and enjoyed our 'Patron's' status prior to our decision to invest in Premier Partners. This next level of membership better meets our specialist needs and continues to raise our profile in the area. We are delighted with the benefits it has brought us so far."

Smart Group Recruitment Solutions recently won the Dorset Business Awards 'Best Management Team' category and has gone from strength to strength in 2006. A five year plan to 2012 sees Smart Recruitment embark on ambitious plans to utilise the benefits of the Olympic Games which will have substantial implications for Dorset's economy.

Julia Marston, Premier Partner Relationship Manager comments, "We are delighted to have Smart Recruitment on board as a forward thinking, progressive business, and as the recent winners of the Dorset Business Awards' Best Management Team, they represent the high calibre of business we are looking to attract. I am fortunate in my role to be working closely with the team and strive to offer them genuine help and support in an account management relationship – which all Premier Partners benefit from."

Leading by example and at the forefront of economic development for Dorset, Smart Recruitment are one of the first five companies to take up this opportunity locally and the only recruitment agency. Only one representative from each industry sector is invited to join the scheme. A further five places are available and Dorset Business is keen to ensure a good cross sectional representation of local industries.

To find out more about the scheme contact Julia Marston on 01202 714812.
