

ON-LINE PAYROLL INITIATIVE INNOVATES 'SMART'

Innovative Smart Group Recruitment Solutions has introduced a revolutionary new payroll initiative which promises to have huge ramifications for Smart Recruitment, the biggest independent Recruitment agency in Dorset.

The Group has introduced the facility for temporary workers to receive their weekly payslips via EMail thereby reducing the need for paper payslips and making the payroll system far more time and cost efficient.

Helen Stacey of Smart Recruitment comments, "This initiative was devised by the payroll team who were looking for a way of saving time and delivering a more efficient service, both to ourselves and our candidates. It is an opt-in scheme and so far 15% of our temps have opted to receive their payslips via email. We hope to reach our target of 100% Email compliance, which will have a significant impact on the business, recouping a lot of time and resource. Continual innovation is key to maintaining our hard earned status as the largest and most innovative independent recruitment agency on the south coast."

Innovative solutions are key to Smarts success. Smart Recruitment are embarking on their 8th successive year of trading boasting 5 branches within the group located in Bournemouth, Poole, Christchurch, Dorchester and Yeovil.

The Smart service is broad covering a diverse range of products, services and industries. Candidates and Clients benefit from the company's branch network which is technology driven through the Smart database; this links to every desk in every branch, providing instant access for candidate skill matching, availability and positions available.
